**OBJECTIVE:** Seeking a challenging entry-level position as a junior front-end web developer to build upon my knowledge and contribute to the success of an elite team.

## EDUCATION:

**The Iron Yard | Houston, TX**                                                  **12/2014**

Intensive front-end boot camp, which provides training on the essential tools required to be a successful web developer.  Areas of study include CSS, HTML, JavaScript, Backbone, and JQuery

**University of Illinois | Champaign, IL**                                             **2008-2011**

Majored in atmospheric sciences, acquired credits equivalent to an Associate's degree.

## EXPERIENCE:

**Server│Lil' Pappas Seafood House, Houston, TX**                               **2014-Present**

*Accomplishments Include:*
- Consistently in top 5 of total sales and often "Server of the month/week" for my teamwork and work ethic.

*Responsibilities Include:*
- Manage Profits and delegate post-shift tasks and inspire guests to become regulars with genuine personality and quality of service.

**Real Estate Agent│Keller Williams, Houston, TX**                            **2013-2014**

*Accomplishments Include:*
- Completed multiple courses on how to become a successful real estate agent and closed my first deal within 1 month of finishing training.

*Responsibilities Include:*
- Establish and maintain excellent relations with all clients and manage transactions/documents from initial offer to closing.

**Real Estate Agent/Assistant Manager│Clutch City Realty, Houston, TX**         **2011-2013**

*Accomplishments Include:*
- Top grossing Agent for the company

*Responsibilities Include:*
- Help devise and carry out strategies for company growth as well as setup and host events to promote business for the company.

**QA Intern│Say Design, Irvine, CA**                                                       **2011**

*Responsibilities Include:*
- Executed regression and black-box tests and reported, tracked, and determined priority of bugs.
- Managed day-to-day QA tasks as specified by project launch schedule and communicated with key team members to resolve any issues discovered during testing.
